Suggestions for further improvement of the curriculum of the institution:

1. Multi-disciplinary courses should be introduced in the curriculum to ensure an integrated view of education.
2. Skill-based courses should be introduced for providing employability of students after learning.
3. Ethics and value courses are introduced to develop the sense of morality and spiritualism side by side with material progress.

Availability of more smart class rooms for each and every student will make teaching more interesting. Laboratories needs to be upgraded according to the changes of syllabus which is absolutely required to cater the needs of the students. More facilities to the faculty members should be provided for comfortable work environment.
